

Proposed Standard Pick-up & Drop-off Signing and Marking

Curb color will be yellow; drop-off and pick-up will not be allowed on red curbs. The sign outline color will match the curb color.

These two custom signs will be installed in tandem no less than every 20m in drop-off & pick-up zones.

Vehicle drivers will be educated about the change in signing and practice through information sent home in PeeChees, and direct education by school staff.

Since signs and curb re-painting involve a significant expense and labor, the new standard will be phased in over three years, 2008 to 2011.

MUTCD R8-3a

In order to ease the transition from current signing and practice, the following signs will be installed in tandem on all red curbs that were used in the past for drop-off & pick-up zones.
